

APRIL 4-5 | THE WESTIN HARBOUR CASTLE | TORONTO

The Auto Remarketing Canada Conference, presented by TradeRev, CARPROOF and Cox Automotive, is an annual event that brings together the Canadian remarketing and used-vehicle industry.

During the two-day event, participants have the opportunity to network with decision-makers from some of the industry's leading companies, learn from top dealers and executives during a variety of general sessions and workshops, and interact with top automotive companies exhibiting their products and services in a curated expo hall.

"We enjoyed record turnout for the 2015 Auto Remarketing Canada Conference with over 700 attendees and a sold-out expo hall," said Bill Zadeits, conference chair and president of Cherokee Media Group. "We expect to continue to grow this industry-leading event with the help of Canada's growing used-car industry and our amazing partners who have helped support and grow the event for almost a decade."

The Auto Remarketing Canada Conference continues to prepare the industry for the road ahead. Attendance at the conference continues to grow year-over-year with 2015 setting a new benchmark for both number of participants and size of the expo hall: 735 participants (of which 284 were dealers) and thirty-four exhibitors. And this time around, the expo hall is getting even bigger due to increased interest and demand.

Below, you'll find an up-to-date list of registrants for this year's AR Canada Conference. Registrations continue to pour in for this event, so we'll be updating this list regularly, right up until the event itself. Please check back often for our most up-to-date lists!

FIRST	LAST	TITLE	COMPANY
Rene	Abdalah	Senior Vice President, Passenger Vehicle Group	RVI Group
